

General Education Program

Well-Rounded Learning

Wichita State strives to offer the most complete college experience possible to produce well-rounded, successful Shocker graduates. Through general education courses, students explore subjects outside of their major, expanding their knowledge, perspective and skills and making a positive impact on their career and life.

Benefits of general education courses:

- Improved critical thinking skills
- Better communication, written and spoken
- Increased analytical reasoning and problem solving
- An acquired knowledge of natural and social science, the arts and humanities

Improve skills by taking courses that include diversity content, study abroad experiences, service learning and experience-based learning.

Our Advice? Go See an Advisor

The best way to stay on course toward graduation is to meet with an advisor each semester before registering for classes. Advisors will help in selecting and sequencing classes that meet particular degree requirements. **To schedule an advising appointment, go to Find Your Academic Advisor webpage (https://www.wichita.edu/academics/advising/Undergraduate_Students.php)¹ and find your major.**

General Education Course Requirements

General Education Program requirements at Wichita State follow the KBOR system-wide General Education Program framework and are comprised of 34-35 credit hours organized in six discipline-based “buckets” and an institutionally designated bucket. A student who satisfies all seven buckets will complete the General Education Program.

The four courses in Buckets 1-3 must be completed within the first 48 credit hours of enrollment with a grade of C- or better. *Foundation courses cover the fundamental skills needed throughout college and should be taken at the very beginning of a student’s studies.*

Note: Some general education courses can count for both the General Education Program requirements and program/college requirements. Students should work with their advisor to determine the most efficient path.

Bucket 1: English Discipline Area

ENGL 100 or 101
and ENGL 102

Bucket 2: Communication Discipline Area

COMM 111

Bucket 3: Mathematics and Statistics Discipline Area

² Or any math/statistics course that requires MATH 111 or MATH 112 as a prerequisite. MATH 131 does not fulfill the prerequisite for any further math course. MATH 131 does not meet degree requirements in all colleges.

³ Full course list can be found on the General Education Courses (<http://catalog.wichita.edu/undergraduate/academic-information/general-education-program/general-education-courses/>) page of the catalog.

⁴ Excludes courses from Buckets 1-3.

⁵ A First-Year Seminar course is required for students coming to WSU directly from high school. Those students who have earned an Associate Degree or 30 credit hours prior to high school graduation and before starting classes at WSU as a degree-bound student, may be exempt from taking a First-Year Seminar course.
