

BS in Biological Sciences with Biological/Biomedical Emphasis

Program Requirements

A minimum total of 120 credit hours is required for the BS in biological sciences with a biological/biomedical emphasis. In addition to meeting the requirements of the WSU General Education Program (<http://catalog.wichita.edu/undergraduate/academic-information/general-education-program/>) and the requirements of Fairmount College of Liberal Arts and Sciences, students must meet the following requirements:

A major in the BS in biological sciences with a biological/biomedical emphasis requires a minimum of 40 credit hours of biological sciences coursework; up to 50 credit hours may be taken for credit. Students must maintain a grade point average of 2.000 in all biological sciences coursework.
