

Online and Adult Learning

Whether finishing a degree, changing course to another option or beginning a new path, the Office of Online and Adult Learning is here to help every step of the way. With services for adult learners, online, transfer, active duty military, veterans and returning students, and offering classes at a variety of days and times, WSU has the tools to help students succeed.

Wichita State recognizes that returning adults face a different set of challenges than traditional students when it comes to completing a degree. Wichita State is here to ensure returning adults no longer need to sacrifice other commitments in order to fulfill their academic goals.

For information regarding online programs at WSU, see the Wichita State Online page (<http://catalog.wichita.edu/undergraduate/academic-information/types-programs-courses/wichita-state-online/>) of the catalog.

The Office of Online and Adult Learning has physical space on the main campus in the Grace Wilkie Annex for convenient access for both current and future adult students. Contact the Office of Online and Adult Learning at 316-978-8325, or on the adult learning website (<https://wichita.edu/adultlearning/>)¹.
