## WSU Main Campus

Wichita State's main campus is located on a 330-acre site bounded by Hillside, Oliver, 17th and 21st streets in northeast Wichita. The campus is modern and accessible and at the same time retains the flavor of the university's heritage, combining distinctive Georgian-style architecture with more modern buildings of stone and brick that are accentuated by attractive landscaping. Wichita State continues to grow. In the past seven years, Wichita State's main campus in northeast Wichita has been expanded by 120 acres with the conversion of a golf course to a new Innovation Campus that houses an interconnected community of academic and partnership buildings, applied-learning laboratories and mixed-use areas.

## WSU Haysville

Since its inception, WSU Haysville has established a WSU Little Free Library Network in Haysville with its flagship library right at the WSU Haysville location. space in three buildings located at 121 N. Mead, and buildings at 213 N. Mead and 238 N. Mead.

Several WSU units focused on health care and outreach to Wichita businesses and the larger community are housed at the satellite location including:

WSU South has a diversity of students taking classes to earn college credits or finish their enrolled programs: high school guest students, regular and transfer students, returning adults, and Shocker Pathway students. Senior citizens (60 years old and above) can audit many WSU classes tuition free.

Students also find transferable general education courses and the Shocker Pathway program. The Shocker Pathway (<https://wsutech.edu/shockerpathway/>)<sup>1</sup> is a partnership between WSU Tech and WSU that provides WSU Tech students an affordable, convenient and respected way to earn a two-year Associate of Arts (AA) degree from WSU.

WSU South schedules many general education classes not offered by WSU Tech. Emphasis is also placed on offering classes/programs relevant to the Shocker Pathway, in which WSU Tech students, after

completing 50 credit hours in their relevant fields of study at WSU Tech, take another fifteen credit hours of WSU classes to get an AA degree issued by WSU. These students can also transition to WSU to finish a bachelor's degree. There are also general education classes that WSU Shocker Studios students can take for their general education requirements.

At the new WSU South center on Harry Street, with its spacious hallways adorned with artistic murals and classrooms with the latest classroom technologies, WSU South continues its tradition of offering a premium and comfortable higher learning environment and outstanding customer services. Well-trained, friendly and helpful staff continue to help students with printing and copying, payments, registration and enrollment, make-up testing, scan-and-email services, WSU Library materials pickups and returns, and lactation room access and storage for nursing mothers.
