

MEd in Counseling

With a strong background in human growth and development, as well as communication skills, counselors assist clients in developing cognitive, emotional and behavioral strengths.

Wichita State University's Master of Education in counseling is designed to prepare students to meet the requirements of the Kansas State Department of Education (KSDE) for Licensed School Counselors and the Kansas Behavioral Sciences Regulatory Board (BSRB) for Licensed Professional Counselors. Upon completion of an MEd in counseling, students are able to provide counseling services in a wide range of settings, including PreK–12 schools, private practice settings, colleges/universities and community mental health agencies.

Visit the counseling program's website (<http://wichita.edu/counseling>).

Contact us for more information: cesp@wichita.edu.

Admission

To be considered for admission to the MEd in counseling, applicants must meet the following requirements:

1. Have a 3.000 GPA overall,
2. Submit a statement of professional goals,
3. Submit a resume, and
4. Provide contact information for three people to serve as professional references.

Upon receipt of this information, the departmental screening committee will make recommendations concerning acceptance/rejection for the master's program in counseling.

Application Deadlines

- For summer and fall semesters: May 1.
- For spring semester: November 1.

All applications must be complete. Candidates who apply are considered in the order in which their applications are completed until all openings are filled.

Visit the counseling program's website (<http://wichita.edu/counseling>).

Contact us for more information: cesp@wichita.edu.

Program Requirements

The MEd in counseling offers four different tracks depending upon the student's career goals. These tracks include **school counseling** (48 credit hours), **clinical mental health counseling** (60 credit hours), **higher education counseling** (45 credit hours), and **sports counseling** (60 credit hours).

Background Check

Upon admission and prior to their first semester, all applicants admitted to this program must clear a criminal background check. There are two reasons for this requirement. First, it is part of the university's due diligence before placing students in field settings. Second, the check may alert applicants or students to issues that may subsequently affect their ability to work in their chosen field. In instances when a person's criminal history raises reasonable concerns that should be cleared to engage in the field experiences and/or subsequently obtain licensure/endorsement, WSU may take a range of actions, including rescission of admission or dismissal from the program, depending on the nature of the concern.

For information regarding this requirement, visit: Advanced Programs (<https://wichita.edu/clesadvancedprograms>).

School Counseling Track (48 credit hours)

² The program requires a minimum grade of B in CESP 824, CESP 825 and CESP 856, and a satisfactory grade in , and CESP 949A, CESP 949B and CESP 949C

PK-12 School Counseling

Individuals who already have a teaching license in Kansas can complete the school counseling degree track to become a licensed school counselor. Individuals without a teaching license are also eligible for licensure as a school counselor via the parallel pathway by completing the school counseling degree track and taking additional coursework (field experience hours included in two semesters of CESP 949 and one year of post-degree internship CESP 947).

Students interested in a thesis option would add 8 credit hours of coursework plus an oral examination of the thesis. The nonthesis option requires a written comprehensive exam.

Higher Education Track

Many graduates of the College of Applied Studies' counseling program may find employment in higher education settings for a variety of positions in student affairs such as admissions and student advisement by completing the higher education counseling track. Students who complete the higher education counseling track are eligible to apply to the EdD in educational leadership. Higher education track students

who wish to pursue professional licensure as an LPC are encouraged to speak with their advisors and will need to take additional coursework.

Applied Learning – All Tracks

Students in all tracks of the counseling (MEd) program are required to complete an applied learning or research experience to graduate from these programs. Each student who graduates from the counseling (MEd) program will complete a practicum experience. For students in the school counseling and clinical mental health counseling tracks, the requirements can be met with CESP 856. For students in the higher education track, the requirement can be met with CLES 875. In addition, students in the school counseling and clinical tracks take an additional internship experience, CESP 949.
