

DNP in Nursing - Psychiatric/ Mental Health Nurse Practitioner (PMHNP)

Admission

1. An approved graduate-level statistics course taken within the last ten years;
2. A Bachelor of Science in Nursing from a nationally accredited school (NLN or CCNE);
3. A GPA of 3.000 or higher in the following areas:
 - a. All undergraduate coursework;
 - b. All undergraduate nursing courses;
 - c. Any graduate-level courses taken;
 - d. The following four science courses taken with an overall GPA of at least 3.000 and no grade that generates less than 2.000 credit points per credit hour in any one course: anatomy/physiology, microbiology, pathophysiology and pharmacology;
4. One application must be submitted to the Graduate School. The application must be submitted by May 1 (fall admission only);
5. All students will request entrance to a specific specialization upon application;
6. Evidence of license as a registered nurse in *Kansas*;
7. Coverage by professional and general liability insurance. CNS and NP students must have NP student coverage prior to enrollment in practicum coursework. Minimum coverage required: \$1,000,000 single incident/\$3,000,000 aggregate for both professional and general liability;
8. Computer literacy is an expectation of the graduate nursing program. Skills should include: word processing, email, file attachments and internet searches. If courses require Blackboard, students are highly encouraged to complete the Blackboard orientation. Students may elect to take PC 105, or another basic computer skills course, to fulfill the computer literacy expectation; and
9. Technical standards must be met.

Program Requirements

Course	Title	Hours
Core and Specialization Preparatory Courses		
NURS 701	Advanced Health Assessment	2
NURS 702	Advanced Health Assessment Laboratory	1
NURS 703	Theoretical Foundations of Advanced Nursing Practice	3
NURS 715	Advanced Nursing Practice Roles	1
NURS 793	Advanced Pathophysiology I	4
NURS 795A	Applied Drug Therapy I	3
NURS 795B	Applied Drug Therapy II	3
NURS 801	Health Policy	3
PHS 807	Healthcare Informatics	3
NURS 824	Advanced Pathophysiology II	2
NURS 901	Organizational Systems and Leadership	3
NURS 902	Population and Social Determinants of Health	3
NURS 956	Practice Management	2

Specialization Courses

NURS 728	Advanced Practice Technology and Skills	3
NURS 854	Diagnosis and Management of Mental Disorders ¹	3
NURS 819	Foundations of Psychiatric/Mental Health Nursing	3
NURS 822	Psychiatric/Mental Health Nursing Practicum I	4
NURS 859	Psychopharmacology	3
NURS 921	Complex Issues in Psychiatric/Mental Health Nursing	3
NURS 922	Psychiatric/Mental Health Nursing Practicum II	4
NURS 951	Clinical Application and Role Transition	3
NURS 952	Advanced Nursing Practice Preceptorship	3
Capstone Courses		
NURS 899B	Introduction to Translational Research	1
NURS 826	Evidence-Based Nursing Project I	2
NURS 826L	DNP Project Lab I	1
NURS 828	Evidence-Based Nursing Project II	2
NURS 828L	DNP Project Lab II	1
NURS 959	Evidence-Based Nursing Project III	1
NURS 960	Residency	2
NURS 962	Evidence-Based Nursing Project IV	1
Total Credit Hours		73

¹ Must be taken prior to NURS 819.

DNP Project

Students complete an evidence-based project. Students work collaboratively with at least one graduate nursing faculty member who is chairperson of their committee and one other graduate faculty member to identify an evidence-based practice problem and plan the implementation to address the problem. Successful defense of the evidence-based project proposal is the expected outcome within the Evidence-Based Nursing Project III course. After successful completion and defense of the Evidence-Based Nursing Project III proposal, the candidate may enroll in Evidence Based Nursing Project IV. This allows the student to complete/disseminate the results of the project and develop a portfolio documenting practice scholarship. The hours may be repeated until requirements are met. The candidate completes an oral defense of the project upon completion.

Applied Learning

Students in the DNP PMHNP program are required to complete an applied learning or research experience to graduate from the program. The requirement can be met by completing all coursework culminating with the DNP Project. This evidence-based project stems from a series of courses and practicum work and is finalized and defended during NURS 962 Evidence-Based Nursing Project IV course.
