

Wichita State Online

Wichita State Online brings WSU's campus to students everywhere, making it possible to earn a degree from Wichita State University completely online.

Offering online Associate, Bachelor's, Master's and Doctoral level degree programs, Wichita State Online provides a path to help students achieve their goals.

Getting Started as an Online Student

New online students apply for admission and select their online-only program option in the Academic Interest section of the application (<http://wichita.edu/apply/>)¹. Returning undergraduate students can reactivate their student record online (<http://wichita.edu/reactivation/>)¹. Students with questions before they apply or reactivate can call 844-978-6656 or email online@wichita.edu for assistance.

Online Student Academic Advising

Fully online program students work with a dedicated online academic advisor who provides support and guidance from application to graduation. It is recommended that all online program students work closely with their advisor before enrolling in courses to ensure the most effective plan of study.

Online Student Support

Online program students have access to a robust student support system, including a dedicated student success specialist who provides focused support, academic resources and access to services like tutoring, counseling and more. Learn more at the Online Student Support webpage (<http://wichita.edu/onlinestudents/>)¹.

Online Program Tuition and Fees

The tuition for online majors is set at the resident tuition rate (undergraduate and graduate). Online tuition rates only apply to students enrolled in fully-online programs. Additional fees to the tuition rate apply depending on number of enrollment credits, college fees and courses taken. Please review Wichita State's Tuition and Fees (<https://www.wichita.edu/services/tuitionfees/>)¹ webpage.
