

# Certificate in Sustainable Water Resources

---

## Admission

Students seeking this certificate must be admitted to the university, or in a nondegree status. All university policies relative to admission apply. Students pursuing an undergraduate certificate must file a plan of study for the certificate program with the undergraduate coordinator before half of the required hours are completed. Students may apply certificate coursework toward a degree program.

## Program Requirements

The certificate requires the completion of 15 credit hours from a selected list of courses. A cumulative grade point average of at least 2.000 must be maintained for all courses comprising the certificate program and no grades below *C*. All courses with an AC or APEN prefix also require that any prerequisite course is passed with a *C* or better grade.

Course	Title	Hours
<b>Required Courses</b>		
APEN 323	Introduction to Fluids	3
BIOL 370	Introductory Environmental Science	3
APEN 370	Environmental Engineering Technology	3
APEN 600	Water and Wastewater Treatment	3
APEN 610	Hydraulics and Hydrology	3
<b>Total Credit Hours</b>		<b>15</b>

Students completing the certificate program receive an appropriately-worded certificate from the university and a notation is made on the student's transcript when the certificate has been awarded.
