

BA in Philosophy - Concentration in Ethics

Any student with a declared philosophy major is eligible for the concentration in ethics.

Program Requirements

A minimum total of 120 credit hours is required for the BA in philosophy - concentration in ethics. In addition to meeting the requirements of the WSU General Education Program (<http://catalog.wichita.edu/undergraduate/academic-information/general-education-program/>) and the requirements of Fairmount College of Liberal Arts and Sciences, students must meet the following requirements:

The major requires a minimum of 27 total credit hours of philosophy courses, at least 15 of which must be in courses numbered 300 or above. For the concentration in ethics, students must complete 12 credit hours of ethics courses, which must include at least one ethical theory course and at least one applied ethics course. Approved ethical theory and applied ethics courses are listed below.

Each philosophy major must meet with a departmental advisor at least once a semester to plan or review a program of study. These programs are designed in terms of the individual student's interests and future plans. Up to 12 credit hours of philosophy courses taken before the decision to major in philosophy may count toward a major. Additional credit hours may be counted with the advisor's consent.
