BA in Art - Art Emphasis

The Bachelor of Arts (BA) in art degree with an art emphasis is designed for students who want to combine a broad training in art and design with additional areas of study. After completing the art foundation studies curriculum, each student gains experience in 2-D, 3-D and design areas, followed by focused work in a single area, or work in a variety of courses from multiple areas as per the student's goals. The degree requires a minor in an area outside ADCI along with elective courses, selected with the assistance of an advisor, that can be from within ADCI or from other areas of the university.

Program Requirements

A minimum total of 120 credit hours is required for the BA in art — art emphasis, including 56 credit hours of art and art history courses listed below. A grade of *C* or higher is required for major courses to count toward degree requirements. In addition to the university scholastic, residence and General Education Program (http://catalog.wichita.edu/undergraduate/academic-information/general-education-program/) requirements, candidates for the BA in art - art emphasis degree must also complete a minor or certificate in a discipline other than art and design. The requirements for minors and certificates are set by each department.
